## Description:

Nothing enlivens a room like a touch of nature. Taking the terrarium trend to the next level, this stunning guide will inspire crafters, garden lovers, and décor fans to turn flowers, leaves, and branches into striking, organic décor. Acclaimed designer and stylist Shane Powers presents 20 simple yet arresting projects for bringing natural tranquility to any space. Suited for garden enthusiasts and black thumbs alike, the projects use a range of live and dried plant materials to create colorful dried floral garlands, eye-catching willow wreaths, intriguing water gardens, and timeless succulent landscapes. With step-by-step instructions, styling and container ideas, helpful resources, and gorgeous photography, Bring the Outdoors In offers countless ways to welcome the natural world into any space.

With clear directions, detailed information on where and what to purchase, gorgeously staged photos and TIPS (!!!), deciding which project to begin with will be the most difficult part of this how to book. Yes, I am what Shane defines as a black thumb, but this book is written to inspire even those of us not so gifted. I must add that I love the FEEL of this book. The non-glossy, textured cover and matte pictures only add to the pure beauty of Mr. Powers' passionate creation. I agree with other reviewers ~ a great gift for a new home owner. Thank you, Shane Powers!
